

TOEFL® UNIVERSITY PATHWAY SCHOLARSHIP REIMBURSEMENT PROGRAM

Round 2 | Terms & Conditions

1. Program Overview

The TOEFL® University Pathway Scholarship Reimbursement Program (the “Program”) is a pilot promotional initiative organized by Educational Testing Service (“ETS”) to encourage high school students studying in Vietnam to develop English proficiency and prepare for university pathways in Vietnam or overseas, including the United States, United Kingdom, Canada, and other destinations.

Subject to these Terms & Conditions and available Program funding, selected applicants may receive reimbursement of 100% of their eligible TOEFL iBT® test fee, up to a maximum of USD 182 per applicant. The Program supports a maximum of eighty (80) reimbursements. No applicant is entitled to reimbursement merely by registering or meeting the minimum eligibility criteria.

2. Program Period

The Program begins on 1 November 2026 and ends at 11:59 p.m. Indochina Time (ICT) on 30 June 2027 (the “Program Period”). Eligible applications will be reviewed in two stages as described in Section 5.

Stage 1 covers qualifying official TOEFL iBT tests taken from 1 November 2026 through 31 March 2027, with selection results announced in April 2027. Stage 2 covers qualifying official TOEFL iBT tests taken from 1 April 2027 through 30 June 2027, with selection results announced after 30 June 2027. Registration and verification deadlines for each stage will be published on the official Program landing page.

3. Eligibility

To be considered, applicants must satisfy all of the following:

Be enrolled in Grade 10, Grade 11, or Grade 12 at a high school in Vietnam at the time of Program registration.

Complete the official online Program registration form during the Program Period.

Take an official TOEFL iBT® test during the Program Period and achieve an overall score of at least 4.5 on the 1–6 scale.

Provide complete and accurate supporting information and documents by the published verification deadline.

Comply with all applicable ETS testing rules and these Terms & Conditions.

Applicants may intend to pursue university education in Vietnam or abroad. No university application, offer of admission, or enrollment is required for eligibility.

Applicants may optionally send official TOEFL iBT scores to a university of their choice. Sending scores does not constitute an application for admission and is not required for Program eligibility.

4. University Pathways and Score Reporting

The Program supports high school students in Vietnam considering university study domestically or internationally. Applicants may optionally send official TOEFL iBT scores to institutions of their choice using the applicable DI code. A non-exhaustive reference list appears in Appendix B. Score reporting is not a condition of eligibility or selection and does not constitute an application for admission. Applicants should verify institutional admission requirements and DI codes independently.

5. Scholarship Benefit and Selection

Round 2 provides a maximum of eighty (80) reimbursements in total across both selection stages. Twenty (20) slots are reserved for students from four selected high schools (five (5) slots per school), and sixty (60) slots are initially allocated to the public pool. These allocations form part of, and do not increase, the overall eighty (80)-slot limit. The reserved school scholarships and their allocations will be publicly advertised.

Selected high schools (five (5) reserved slots each): Trần Phú High School for the Gifted (Hải Phòng); Chu Văn An High School (Hà Nội); Phổ Thông Năng Khiếu (PTNK), VNU-HCM; and Trần Đại Nghĩa High School for the Gifted (Ho Chi Minh City). Eligible students at these schools may also be considered for the public pool but may receive only one reimbursement. Any school-reserved slots unawarded after Stage 1 will be transferred to the public pool for Stage 2; school-reserved awards already granted in Stage 1 count against the applicable school's five-slot allocation.

Stage 1 selection will be conducted in April 2027 based on eligible tests taken through 31 March 2027. Stage 2 selection will be conducted after 30 June 2027 based on eligible tests taken from 1 April through 30 June 2027 and any slots remaining after Stage 1, including transferred unused school-reserved slots. The number of reimbursements awarded in each stage may vary based on the number of eligible applicants and available Program slots, provided that the total number of reimbursements will not exceed eighty (80). In each stage and applicable pool, eligible applicants will be ranked by their highest qualifying official TOEFL iBT overall score obtained in that stage; ties will be resolved by the earlier timestamp of the completed Program application, with random selection if a tie remains. A student may receive no more than one reimbursement across both stages. Awards in Stage 1 are final and count toward the overall eighty (80)-slot cap. Stage 2 awards are subject to remaining slots; eligibility does not guarantee reimbursement.

6. Application Review and Verification

ETS may verify TOEFL iBT test registration, payment, official score, school enrollment/grade, identity, and other information reasonably required to determine eligibility. Applicants may be asked to submit their TOEFL appointment/registration ID, official score information, and proof of school enrollment. Official score reporting records will be checked only where relevant and will not be an eligibility requirement.

Incomplete, inaccurate, duplicate, or ineligible applications may be rejected. Stage 1 results will be announced in April 2027, and Stage 2 results after 30 June 2027, following verification and selection. The verification submission deadlines and anticipated reimbursement processing dates for each stage will be published on the official Program landing page.

7. Reimbursement Process

Depending on how the TOEFL iBT test was registered and paid for, approved reimbursements may be processed either directly by ETS to the original payment card or by IIG Vietnam, ETS's authorized local representative in Vietnam, under the applicable payment and verification procedures. Recipients may be required to provide additional information, including payment or bank account details, to complete reimbursement.

Each reimbursement will be based on the actual eligible TOEFL iBT test fee paid after any applicable discounts or promotional reductions, up to a maximum of USD 182 per recipient, whichever is lower. The USD 182 cap refers to the standard test fee before any applicable discount; no recipient will be reimbursed more than the amount actually paid.

8. General Conditions

Only one Program application and one reimbursement are permitted per person.

ETS may verify submitted information and disqualify fraudulent, misleading, or materially incomplete applications.

ETS may amend, suspend, or terminate the Program where reasonably necessary, subject to applicable law, appropriate notice, and fair treatment of applications already submitted.

Participation does not guarantee reimbursement, admission to a university, or recognition of TOEFL scores by any institution.

Decisions on eligibility and selection will be made in accordance with the published criteria and applicable law.

9. Privacy and Consent

Personal information collected in connection with the Program will be used to administer registration, verify eligibility, communicate with applicants, select recipients, process reimbursements, and comply with legal obligations. Information may be shared with IIG Vietnam and authorized service providers for these purposes, in accordance with applicable privacy law and the ETS Privacy Policy at [ETS PRIVACY POLICY LINK — TO BE APPROVED].

Applicants who have not reached the age at which they may provide legally valid consent under applicable law may be required to obtain consent from a parent or legal guardian to participate in the Program. Any consent to receive optional marketing communications or to share information with partners will be presented separately and is not required to participate in the Program.

10. Contact

For questions regarding the Program, please contact chnguyen@ets.org or blanhuong@ets.org.

Appendix A — Proposed Registration Form

A. Personal Information

Full name; email address; mobile number; date of birth; parent/guardian details and consent if required.

B. Education

Current school; province/city; current grade (Grade 10 / Grade 11 / Grade 12).

C. University Pathway Interests

Where are you considering university study? (Multiple selections: Vietnam / United States / United Kingdom / Canada / Other / Not yet decided.)

Which university or universities are you considering? (Optional; free text and/or suggested-university list.)

D. Intended University Start Year

2027 / 2028 / 2029 / 2030 / Not yet decided / Other.

E. Acknowledgments and Optional Consents

Required: I have read and agree to the Program Terms & Conditions.

Required: Privacy acknowledgment and parent/guardian consent where applicable (separate from marketing consents).

Optional marketing consent — ETS:

☐ I agree to receive marketing communications from ETS about TOEFL® and other ETS products and services, including test preparation resources, programs, and educational opportunities.

Optional marketing consent — Authorized educational partners:

☐ I agree that ETS may share my contact information with its authorized educational partners so that they may contact me about test resources, educational services and programs, and related opportunities.

These consents are optional and are not required to participate in the Program. You may opt out of marketing communications or withdraw your consent as described in the ETS Privacy Policy.

F. Post-Test Verification (shortlisted applicants only)

TOEFL appointment/registration ID; official overall TOEFL iBT score; proof of grade/school if requested; reimbursement details requested securely by ETS or IIG Vietnam, as applicable. Optional: university and DI code to which score was sent.

Appendix B — Selected Universities and TOEFL DI Codes

The following list is illustrative and non-exhaustive. It is provided solely as a score-reporting reference, not as a list of scholarship sponsors, endorsers or participating institutions. Students may choose any university. Score reporting is optional and has no bearing on reimbursement eligibility or selection.
